Artificial Intelligence and its Milieu: Aspects of AI in Context

Esgrid Sikahall

2-3.30pm, Friday 30 October

Esgrid will outline aspects of AI as a research field & the technologies it is enabling as well as exploring some of the implicit assumptions in the field: can intelligence be “generated” or “created”? The talk will locate AI in its context: from our sense of uncontrollable change to the evolving worlds of work & education, political & environmental tensions. Followed by chat and refreshments
